THE GIFTED CHILD'S COLLEGE SEARCH

Is your gifted and talented student beginning the college search?

Who has more questions – you or your child?

Are these some of the questions you have?

- **When should my student begin looking at colleges?**
- **What questions should we ask on a visit?**
- **What is the appropriate role of the parent in the college search process?**
- **How important is the SAT/ACT, and is one better than the other?**
- **How do Honors Colleges work?**
- **What is the Western Michigan University Medallion Scholarship, and how could it benefit my child?**

Sue Oole, Academic Advisor for Western Michigan University's Lee Honors College, and Carolyn Smith, Western Michigan University Admissions Counselor, will discuss these and other topics, and will help you begin to find the answers!

This FREE presentation is open to the public.

SUNDAY, MAY 23, 2010

3:00 – 5:00 pm

Western Michigan University's

Lee Honors College

On Sundays, parking at WMU is free.

Visit www.wmich.edu/visiting/parking.html for a campus map.
